● ABOUT ME

Motivated Artificial Intelligence undergraduate at the University of Haripur (CGPA: 3.75/4.0) with hands-on experience in Python development, FastAPI, and web technologies. Actively involved in real-world projects through internships, including backend API development and responsive web applications. Strong problem-solving skills with a growing interest in AI systems, software engineering workflows, and practical implementation of intelligent solutions.

● EDUCATION & TRAINING

BS ARTIFICIAL INTELLIGENCE - UNIVERSITY OF HARIPUR

CGPA: **3.75 / 4.0** (5 semesters) | 2023 – Present

INTERMEDIATE (HSSC – COMPUTER SCIENCE)

938/1100 (85.25%) | 2021 – 2023

MATRIC (SSC – SCIENCE)

1030/1100 (93.63%) | 2019 – 2021

● WORK EXPERIENCE

01/07/2026 - CURRENT - REMOTE

AI/ML INTERN — PROSENSIA (REMOTE)

- Built backend APIs using **FastAPI** for machine learning applications
- Worked on structured data handling and model integration
- Practiced **GitHub-based workflows** including version control and collaboration
- Gained hands-on experience in real-world AI and backend development tasks

06/07/2026 - CURRENT - HARIPUR, PAKISTAN

WEB DEVELOPMENT INTERN — SMC TECH (ON-SITE)

- Developed responsive web pages using **HTML, CSS, and JavaScript**
- Converted **Figma designs** into functional and pixel-accurate interfaces
- Implemented mobile-friendly layouts and improved UI/UX structure
- Collaborated on frontend tasks and learned real-world development workflows

03/08/2026 - CURRENT

MACHINE LEARNING INTERN — FLYRANK (REMOTE, USA-BASED)

- Participating in structured ML internship focused on practical implementation
- Working on real-world tasks involving **Python and machine learning concepts**
- Collaborating through GitHub and completing project-based assignments

● CERTIFICATIONS

AI Fluency: Framework & Foundations — Anthropic

Advanced training in AI reasoning, workflow design, structured prompting, and multi-step problem-solving

Introduction to Generative AI — Coursera

Fundamentals of generative AI models and real-world applications

Introduction to Networking — Coursera

Networking basics, protocols, and data communication concepts

IELTS Academic — IDP (Band 6.5 Overall) (11-09-2025)

Demonstrated English proficiency in reading, writing, listening, and speaking

● **SKILLS**

Digital Skills

Python (Intermediate) | JavaScript | C++ (Basic) | React.js | HTML5 | CSS3 | Responsive Web Design | Git | GitHub | Visual Studio Code | Machine Learning Fundamentals | NLP Basics | Generative AI Concepts | Microsoft Office (Word, Excel, PowerPoint)

Soft Skills

Problem Solving | Communication | Teamwork | Time Management | Quick Learner

● **LANGUAGE SKILLS**

Mother tongue(s): **URDU**

Other language(s): **ENGLISH**

● **ACADEMIC PROJECTS**

FastAPI-Based ML API (ProSensia Internship)

- Developed RESTful APIs using **FastAPI** for machine learning applications
- Implemented request handling, input validation, and backend logic
- Used **Git & GitHub** for version control and workflow-based development

GitHub:

<https://github.com/ahmedali2155>

Web Development Projects (SMC Tech Internship)

- Developed web pages using **HTML, CSS, and JavaScript**
- Converted **Figma designs** into functional user interfaces
- Improved layout structure and basic responsiveness

Python Code Analyzer and Debugger

Developed a Python tool to analyze code and detect errors
Implemented basic debugging suggestions and syntax validation

Smart Sentence Doctor (Python Project)

- Built a Python-based application for sentence correction
- Applied text processing and rule-based NLP techniques
